TENNESSEE WASTEWATER SYSTEMS, INC.
A PUBLIC UTILITY CO.

T.R.A. DOCKET ROOM

November 4, 2004

Honorable Pat Miller
Chairman
Tennessee Regulatory Authority
460 James Robertson Parkway
Nashville, TN 37243-0505

0400394

RE: Petition to amend Certificate of Convenience and Necessity

Dear Chairman Miller:

Tennessee Wastewater Systems, Inc. desires to expand its service area to include a portion of Williamson County, Tennessee, known as Williamson County West. The attached Petition is in support of our request.

Sincerely,

Charles Pickney, Jr., President
Tennessee Wastewater Systems, Inc.

7638 River Road Pike Nashville TN 37209-5733
(615) 356-2880 Fax (615) 356-7295

**BEFORE THE TENNESSEE REGULATORY AUTHORITY
NASHVILLE, TENNESSEE**

_____, 2004

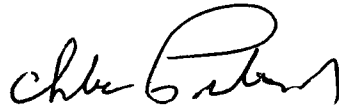

**IN RE: PETITION OF TENNESSEE WASTEWATER SYSTEMS,
INC. TO AMEND ITS CERTIFICATE OF
CONVENIENCE AND NECESSITY**

DOCKET No. 0400394

Petition of Tennessee Wastewater Systems, Inc.
To amend its Certificate of Convenience and Necessity

Tennessee Wastewater Systems, Inc. ("TWS") petitions the Tennessee Regulatory Authority ("TRA") to amend TWS's Certificate of Convenience and Necessity to expand its service area to include a portion of Williamson County known as Williamson County West. (See proposed service area map Exhibit "A"). Attached is a letter from a developer in the area expressing his desire for service. We have had numerous other inquiries in this area. Neither Williamson County nor H.B. & T.S. Utility District desires nor do they have plans to provide sewer service to this area (See attached letters). This area is adjacent to the area being served by Tennessee Wastewater as the Milcrofton Utility district (Docket # 97-01393). This area generally comprises the southeast section of H.B. and T.S. Utility District and is not within the planned growth area of any city.

Respectfully submitted,

Charles Pickney Jr., President
Tennessee Wastewater Systems, Inc.

Tariff Rate Sheet

Commercial Sewer Rates – without food service

The monthly sewer charge per customer is based on the design daily flow expected from the type of establishment being served. A minimum of \$75 per month will be charged for up to the first 300 gallons per day of design flow expected. (Except off-site which will have a \$73.00 minimum plus pass through costs.) For each additional 100 gallons per day of design flow expected, up to a total of 1,000 gallons per day, an additional charge of \$15.00 per month per 100 gallons will be levied. For design flows expected over 1,000 gallons per day, up to 3,000 gallons per day, the following monthly charges per 1,000 gallons of daily flow will apply.

Disposal

| <u>Treatment</u> | <u>Drip Irrigation</u> | <u>Point Discharge</u> | <u>Off Site</u> |
|---------------------------|------------------------|------------------------|------------------------------|
| <u>Sand-Gravel Filter</u> | \$140 00 | \$165 00 | N/A |
| <u>Lagoon</u> | \$116 00 | \$140 00 | N/A |
| <u>* Off Site</u> | N/A | N/A | Pass through costs & \$73 00 |

For design daily flows over 3,000 gallons, the monthly charge on all system configurations will be \$116 00 per 1000 gallons of daily flow.

Additional surcharges will apply when customers exceed their expected design flows. For any month that a customer's water meter reading exceeds the expected design flow, the following surcharges will apply:

| Excess water usage | Surcharge |
|---|-----------------------|
| 1 gallon to 1,000 gallons above expected design flow | \$175.00 |
| 1,001 gallons to 2,000 gallons above expected design flow | \$200.00 |
| Over 2,000 gallons above expected design flow | \$200.00/1000 gallons |

If the water meter readings exceed the design flow for any three consecutive months, the monthly charge will be revised to reflect the increased usage and any capital costs associated with increasing the capacity of the system will be paid by the customer.

* Off Site means treatment and disposal by another entity such as a city or utility district

Fees: Nonpayment – 5%
 Disconnection - \$10
 Reconnection - \$15
 Returned Check - \$20
 City of Coopertown Franchise Fees: 3%

Tariff Rate Sheet

Commercial Sewer Rates – with food service

The monthly sewer charge per customer is based on the design daily flow expected from the type of establishment being served. A minimum of \$100 per month will be charged for up to the first 300 gallons per day of design flow expected. (Except off-site which will have a \$94.00 minimum plus pass through costs.) For each additional 100 gallons per day of design flow expected, up to a total of 1,000 gallons per day, an additional charge of \$18.00 per month per 100 gallons will be levied. For design flows expected over 1,000 gallons per day, up to 3,000 gallons per day, the following monthly charges per 1,000 gallons of daily flow will apply.

Disposal

| <u>Treatment</u> | <u>Drip Irrigation</u> | <u>Point Discharge</u> | <u>Off Site</u> |
|---------------------------|------------------------|------------------------|------------------------------|
| <u>Sand-Gravel Filter</u> | \$170 00 | \$192 00 | N/A |
| <u>Lagoon</u> | \$142 00 | \$163 00 | N/A |
| <u>* Off Site</u> | N/A | N/A | Pass through costs & \$94 00 |

For design daily flows over 3,000 gallons, the monthly charge on all system configurations will be \$142.00 per 1000 gallons of daily flow.

Additional surcharges will apply when customers exceed their expected design flows. For any month that a customer's water meter reading exceeds the expected design flow, the following surcharges will apply:

| Excess water usage | Surcharge |
|---|-----------------------|
| 1 gallon to 1,000 gallons above expected design flow | \$210.00 |
| 1,001 gallons to 2,000 gallons above expected design flow | \$220.00 |
| Over 2,000 gallons above expected design flow | \$220.00/1000 gallons |

If the water meter readings exceed the design flow for any three consecutive months, the monthly charge will be revised to reflect the increased usage and any capital costs associated with increasing the capacity of the system will be paid by the customer.

* Off Site means treatment and disposal by another entity such as a city or utility district

Dear Lesa:

This correspondence is in response to your questions regarding whether or not Williamson County has intentions of providing sewer service to the Stephens property of Lewisburg Pike just south of its intersection with Thompson's Station Road East. Williamson County does not provide sewer service anywhere in the County and presently has no plans to provide public sewer service in any area of the County including the Stephens property.

There may be other options available regarding the provision of sewer service to the Stephens property or other properties within the unincorporated areas of Williamson County. If you have any questions regarding this matter or other options for sewer service please feel free to contact me at your earliest convenience.

Sincerely,

Gregory L. Langeliers, Planning Director

RE: Stephens Property on Lewisburg Pike

H.B. & T.S. Utility District has water service available to the above mentioned property.

H.B. & T.S. does not provide wastewater or sewer service.

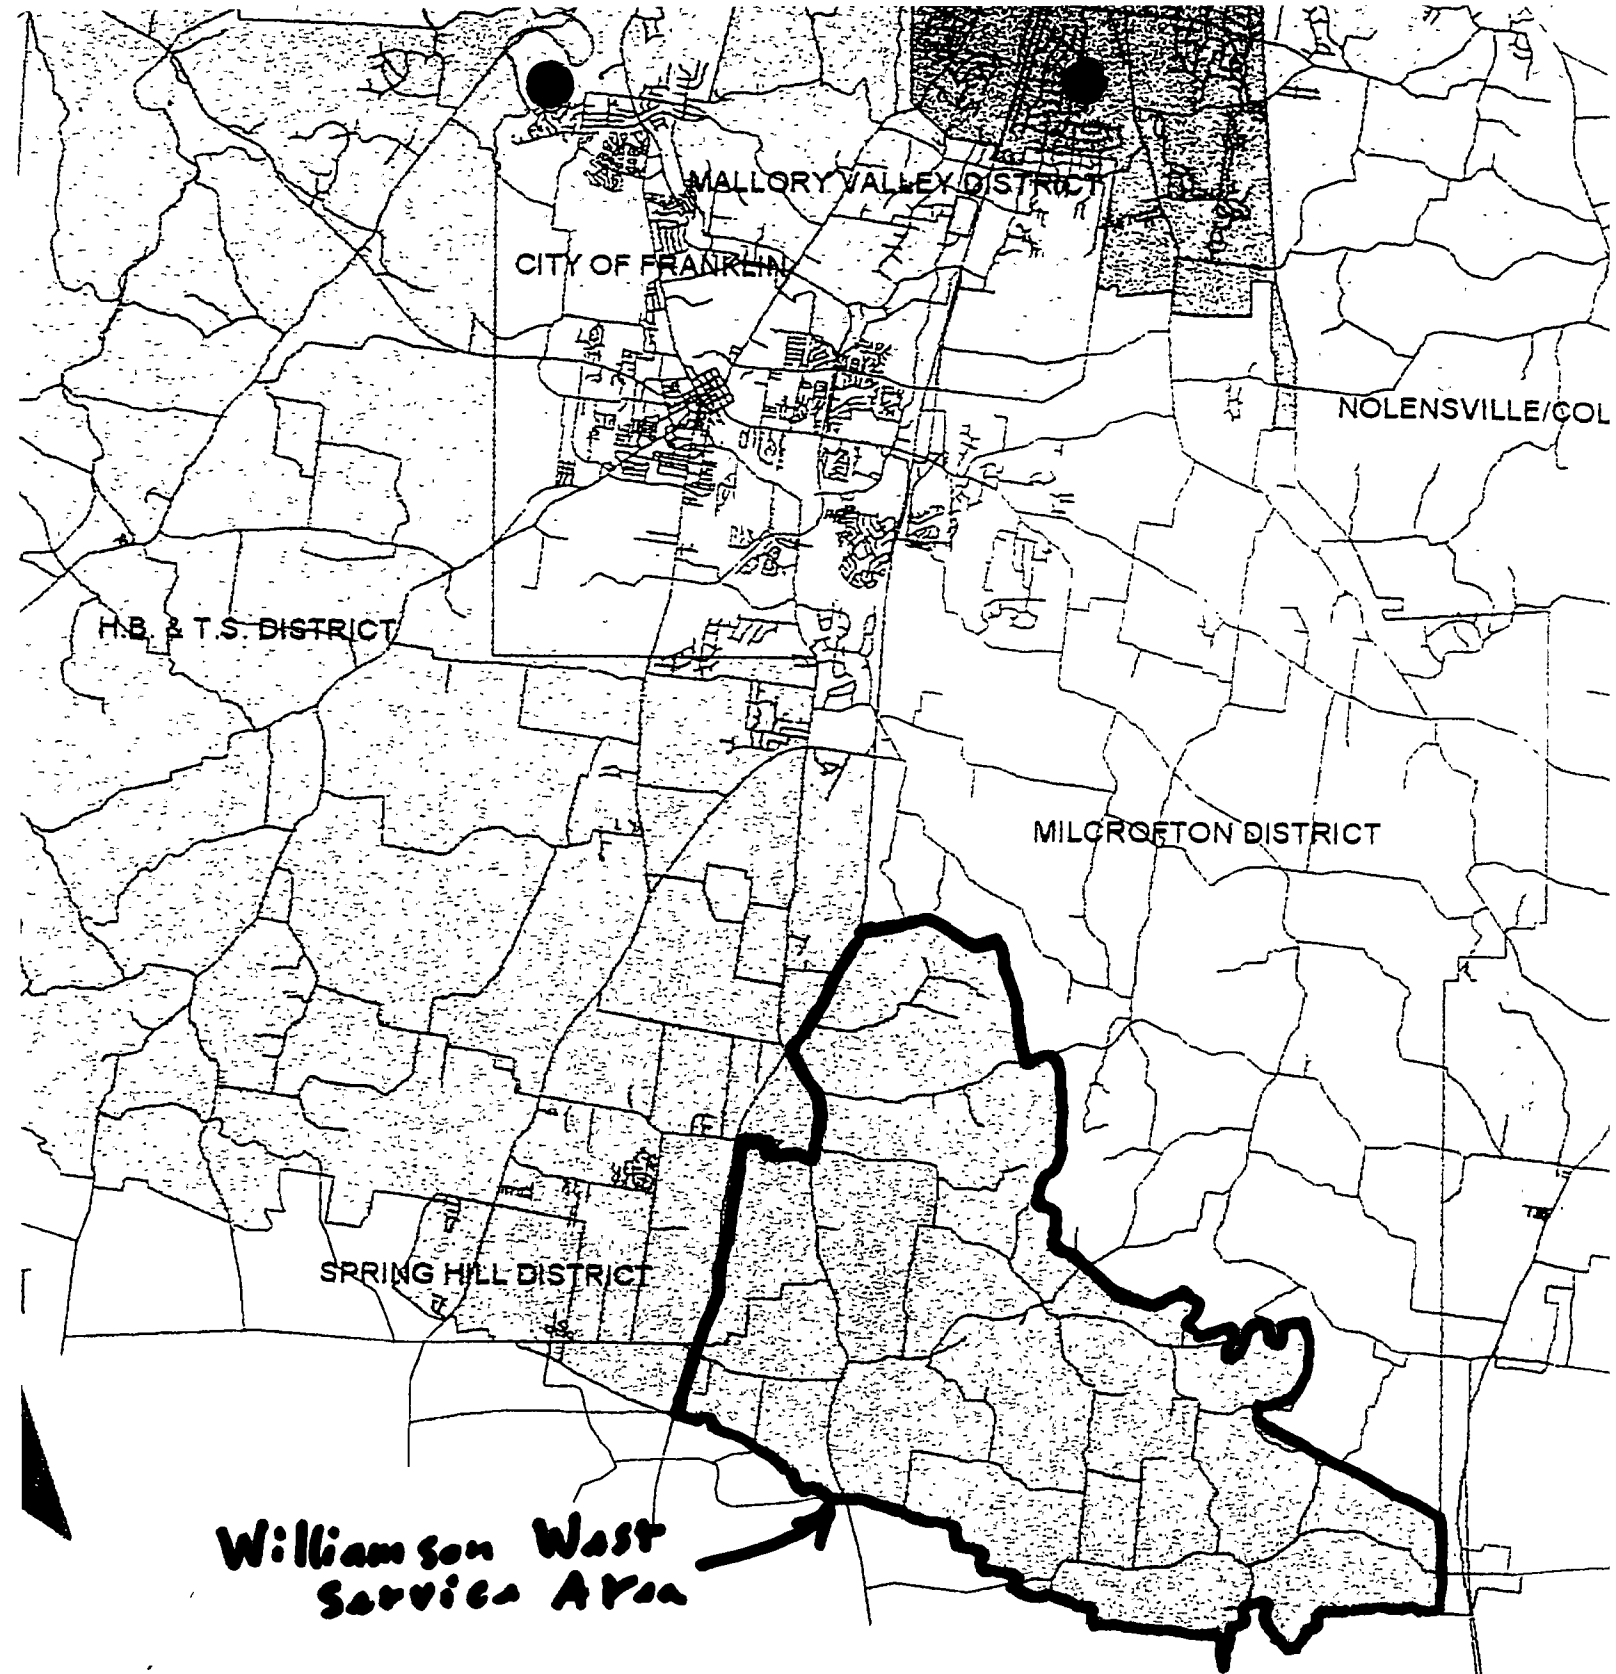

If you have any further questions, please contact our office.

Sincerely,
